AHA
ADHD – AUGMENTED

**HADD
Ireland**

for people
affected by ADHD

Pilot project for developing the use of new technologies in education for children with ADHD (ADHD Augmented)

- I have read with my parent(s)/legal guardian(s) and understood the information leaflet for the AHA pilot study.
- I understand what the study is about and what my results will be used for.
- I have had time to consider whether to take part in the study.
- I understand that my personal information will not appear on any research data from this pilot study and there is no audio/video recordings for this study.
- I am fully aware of all of the procedures associated with the study.
- I understand that my participation is voluntary (it is my free choice) and that I am free to withdraw from the research study at any time without disadvantage and without giving any reason.

Therefore, I agree to take part in this research (please tick the box):

I _____ (name) agree to be involved in this pilot study and I give my permission for the use of de-identified data collected from me through the use of the AHA mobile app for the following purpose (please tick the relevant box or boxes you are agreeing to):

Publications and conference presentations:

Future research (subject to ethical review):

Sharing of data with third parties for research purposes only:

Common Augmented Reality applications include games that use the camera in a smartphone to add 3D objects into the world around you. The most famous example is that of Pokemon Go.

Have you used Augmented Reality applications before?

Yes No

If Yes check: Game Learning

Other _____

Name of student (in block letters):

School: _____

Class: _____
